BULLDOGS

CLASS OF 2001

*OUR JOURNEY HAS
JUST BEGUN...*

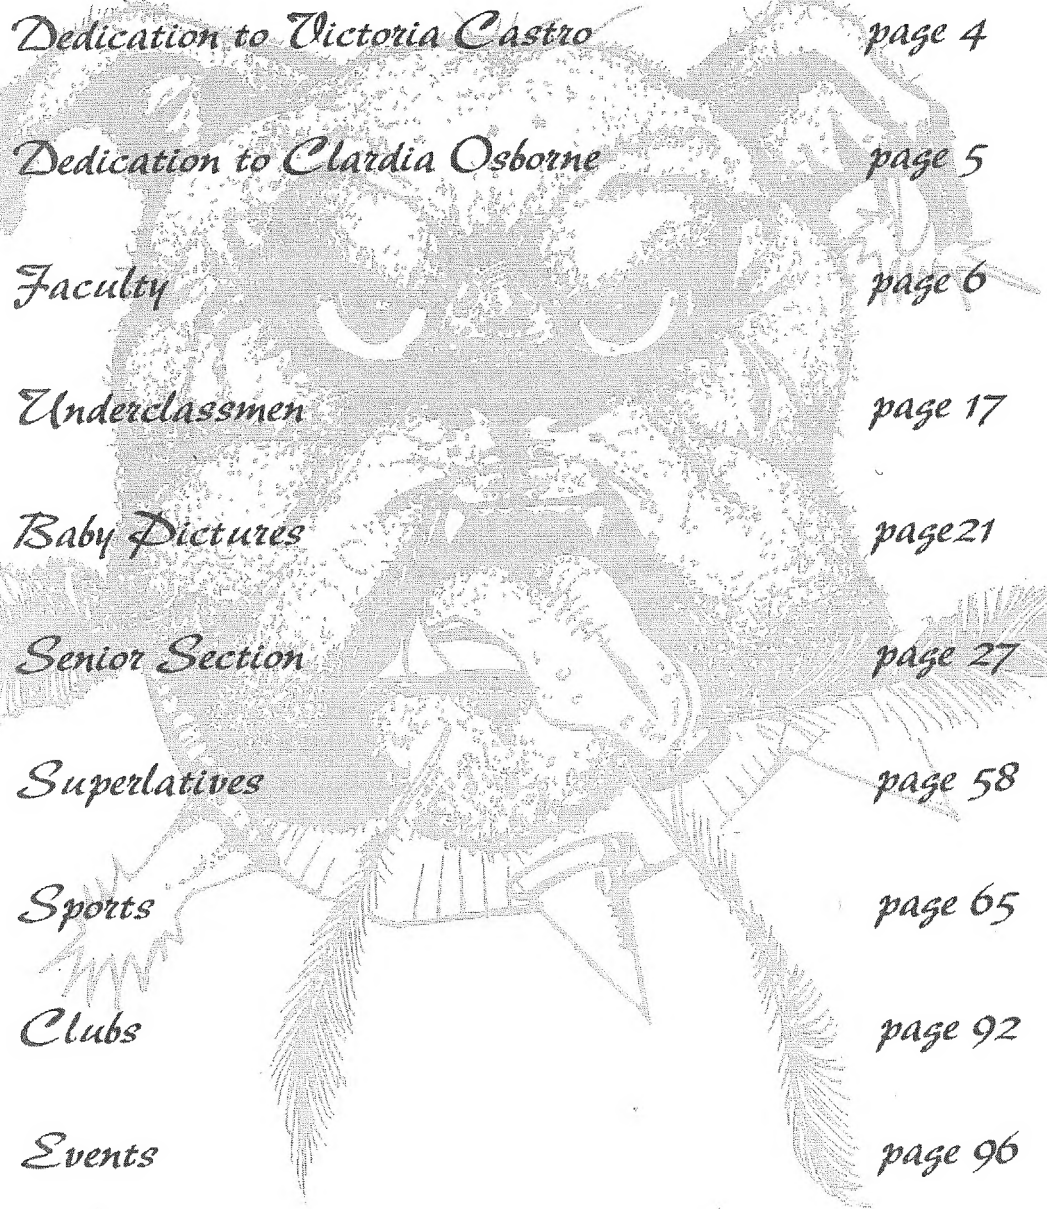

Class of 2001...

Remember you have what it takes:

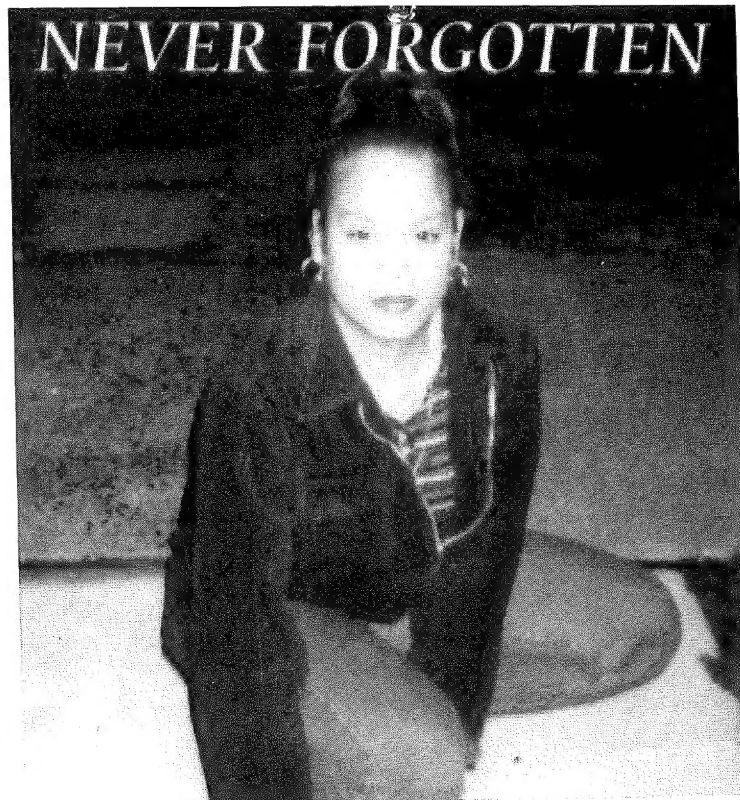

You have what it takes to be a leader. You have what it takes to be a winner. You have what it takes to be successful. The question is, will you use it? Will you fulfill the enormous potential that is your life, or will you just sit back and watch others doing it? Will you be the unique, creative, productive person you were meant to be? You already have what it takes. You have the desire. Look deeply enough and you will find plenty of it. The resources you need are there. Work diligently enough and they will be available to you in abundance. You have the time- the same 24 hours in each day as everyone else. You have knowledge, and the ability to learn. You have skills, and the ability to adapt. Yes you have what it takes, right now, right here, today and always. If you are looking for opportunity, stop looking. You are the opportunity. You can truly make a difference in your own special way. You have what it takes. Make it count.... prove the world you are ready. Show the world you have what it takes. As we leave Bulkeley High, we emerge as college students, future doctors, teachers and lawyers. Many will serve in the armed forces and give their all to protect our country. Others will form beautiful families and homes. No matter where we end up in life...remember you have what it takes to achieve the highest goals in life.

Needles and Thimble

*Thimble and needles up in the air
Quilting a quilt for whom is not there.
She left this domain very silently,
She, who loved life so vehemently.
Her invasive laughter still echoes and booms,
Throughout the hallways and the classrooms.
Her heart she'd give, should the need arise.
Always setting aside her ailing demise.
She cared so much, the children she loved,
To each one of them, her life she owed.
She admired the beauty of talented hands,
The crafts the clothing a seamstress mends.
Her simple innocence her great big heart,
Her time had arrived she had to depart.
Should the clouds in the sky form a tapestry.
It's our beautiful angel, still quilting.....you see.*

To the Graduating Class of '2001

The time you have dreamed of is finally here. You have worked ardously and you have been relentless in your pursuit of an outstanding high school education. Be proud of yourselves . . . you are deserving of the praises and honors you are now receiving;

You must not forget, however, that this is only the beginning of what promises to be a bright future for all of you. Some will go on to institutions of higher learning. Others will enter the military or the job market. Bulkeley High School has prepared you well. Whichever way you choose to go, continue working relentlessly until you achieve your "goals."

Thank you for the honor and privilege of having been your principal during your last year at Bulkeley High School. I wish you well and I assure you that you will always be a member of the "Bulkeley Family."

Rafael Lopez Executive Vice Principal

Congratulation to the graduating senior Class of 2001. You have worked hard and achieved many goals and objectives. I truly hope that you are leaving us not only with a solid education, but also with many fond memories of your years here at Bulkeley High School.

Best wishes in all the years ahead. May they be happy and fulfilling ones for all of you. Always remember that you are part of the "Bulkeley Family."

Remember Me

*Bye Seniors, see you around
We already know about the future you found
What can we do but wish you well
What we had was really swell
You're gonna make it*

*Remember me as a sunny day
that you once had along the way
Didn't we inspire you a little higher?*

*Remember me as a funny clown
that made you laugh when you were down*

*Remember me as a big balloon
at a carnival that ended in June*

*Remember me as a breath of spring
Remember me as a good thing*

*Remember me when you reap the rewards of sweet success
We gave you our very best*

*Your Class Advisors,
Mrs. Kliman and Dr. Parker*

It's not easy to go up, people will try to put you down. When that happens don't look back. When you look back nothing good is going to be. Look foward, it's going to be even harder, but then when you are forward and up and when you finish your dream, you are going to be proud.

Some Friendships Are for Always

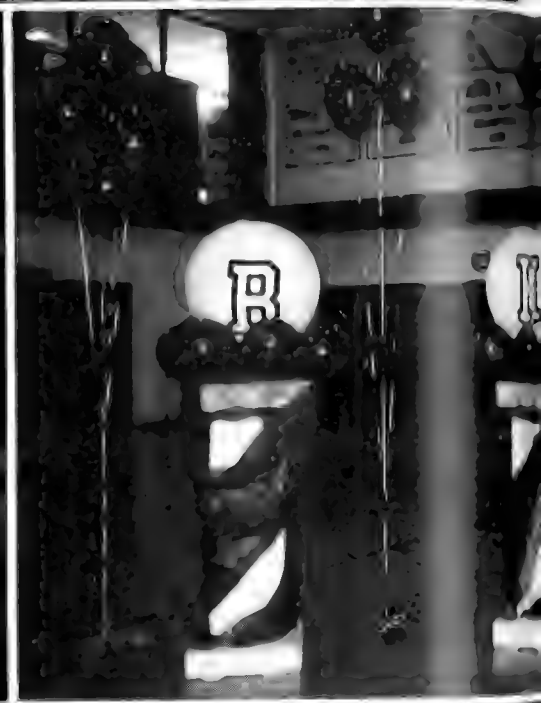

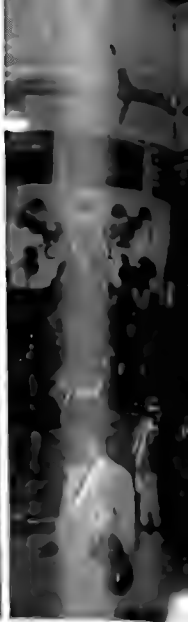

*We've shared the kind of friendship
that's grown deeper through the years,
We've seen the ups, we've known the downs,
we've shared the smiles and tears,
And through it all, I've learned one thing—
that there could never be
A dearer friend in all the world
than the one you are to me.*

YEARBOOK STAFF

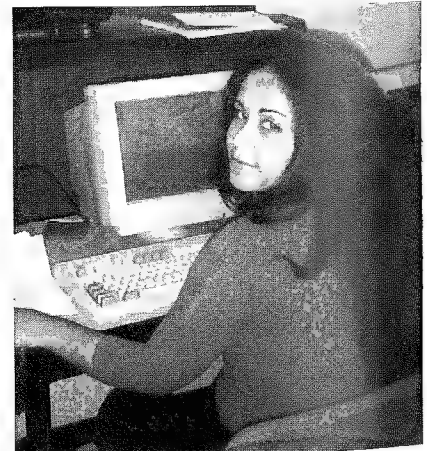

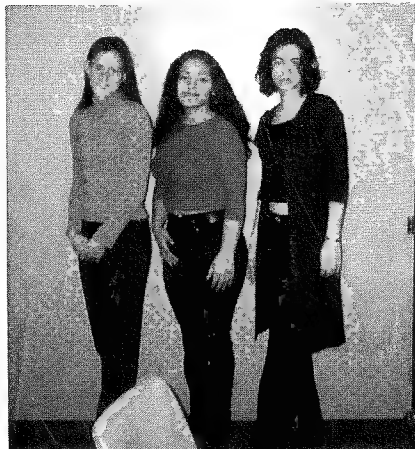

Top row: L to R: Jeanne McKeon, Pedro Hernandez, Jasmin Rodriguez, & Catherine Fontanez. Bottom row: L to R: Robin Deutsch Co-editor, Claudia Quintana Editor-in-Chief, Dinora Vazquez Co-editor, & Giddel Ortoloz. (Missing: Kathleen McKeon & Diana Semchyshyn)

Letter from the editor-in-chief,

I would like to thank the few people that helped me out in creating the best yearbook possible . . . I greatly appreciate everything you guys did. I was very honored to have been elected yearbook editor. I must say that it was not easy; it was definitely a challenge from the start. Yet, we took those challenges and rose above them and did what was necessary to provide the class of 2001 with the best yearbook ever. It was a very rough year for the yearbook staff, especially for myself. Many times I surprised myself by going above and beyond what was expected. The many hours spent in the yearbook room will forever be in my mind and heart. I have so many wonderful memories of happy times as well as stressful ones. But even more, when I look back at my experience as yearbook editor I remember the cherished moments shared with the yearbook staff and those others that kept us company. I love you guys and I thank you from the bottom of my heart for all your love, encouragement, ideas, and support. I Could not have done it without you. I would like to extend my appreciation to our yearbook advisor, Mrs. Cruz. Thank you for all your guidance and support. I would also like to give a very special thanks to John Hurlbert, our publishing representative. Thank you for all your time and patience. To the Class of 2001, I wish you all the success and happiness in the world.

*Thank You,
Claudia Quintana*

TAKE IT ONE STEP AT A TIME

*It's true that sometimes life is full
Of trying circumstances,
And sometimes we must struggle
For just minimal advances.*

*Despite events that slow us down
And magnify our worries,
We must learn that progress is
A word that seldom hurries.*

*To try to grasp the total picture
Is a strong temptation.
Often we attempt too much
And add to our frustration.*

*Laying out before us
All the things that must be done
May be harder than to focus
On a single one.*

*Don't approach so many tasks
That all your hopes are gone.
A single step will lead you to
Another later on.*

THE YEAR

2001

This is the "Age of Connectivity" and you're in it.

You are everywhere, thanks to the Internet
E-mail a friend in Banglor,

shop for cool shoes at some
European e-tailer, or even

watch a web-cast concert from overseas,
and all from your desktop.

YOU ARE HERE

The world's getting smaller.
Might even feel crowded at times.
Chill. Look for signs along the road to help

your way in this brave new world,
and enjoy the ride.

What a golden year for sports.

Michael Johnson won two gold medals in the 400 meter and 4 x 400 meter relay in the Sydney Olympics.

(Must have been the shoes.)

Multiple medals also went to Maurice Green and to Marion Jones, who took home three gold and two bronze.

She's the first woman to win five medals in one Olympics.

Tiger Woods did it again.
And again.
And again.

As the PGA Tour Player of the year, he placed first in tournament after tournament, including the U.S. Open, the British Open and the PGA Championship.

The golden girls of soccer settled for silver in Sydney.

Under a Shaq attack.

Shaquille O'Neal, with Kobe Bryant, shot the Lakers to victory against the Indiana Pacers in the NBA finals.

ONE SET MATCH

Lance rules. Armstrong

conquered the Alps and silenced cynics, winning his second consecutive

Tour de France!

His comeback from cancer makes him a double role model, to athletes and cancer patients alike.

The "Subway Series" made baseball big news. For the first time in 44 years the New York Yankees and the New York Mets went head to head at the World Series.

New York came out on top. (As in Yankees.)

The Williams sisters continued to take the tennis world by storm. Rivals on opposite sides of the net, they're unstoppable as partners.

Venus topped a stellar year with wins at Wimbledon and the U.S. Open. She took the gold at the Sydney Olympics in singles, and paired with Serena to take the gold in doubles as well.

It wasn't in the stars. The New Jersey Devils took the Stanley Cup back from the Dallas Stars after their nail-biting double overtime victory in game six.

DEFENSE!

The Baltimore Ravens extraordinary defense gave them the edge and a 34-7 win over the New York Giants in Super Bowl XXXV.

What goes around comes around.

Look behind the technology hype and you're sure to find recycled trends.

Oh, the irony.

It's the 70s all over again.

Large tinted lenses make for look-at-me sunglasses and disco-era hairstyles return with "wings" and feathered bangs reminiscent of Farrah Fawcett's famous locks.

A new twist is the bright burst of hair color, maybe a leftover from the punk and glam rock resurgence last year.

A rhinestone belt holds up your denims? Glittery studs on your faded jeans?

Totally.

England's Prince William took a "gap year" before college, following his mother's example of service and humanitarianism.

His volunteer and environmental work in Chile shows that the man who will be king is a true prince of hearts.

For the guys, the mop top is back with the "shag" hairstyle.

The bed-head hairstyles of Ricky Martin and Kevin of the Backstreet Boys is typical of the macho look many stars like.

Leather whatever.

Leather is everywhere. Leather pants. Leather boots.

Everything else sparkles and shines.

We heard lots of wedding bells.

Two Backstreet Boys got hitched, Madonna married her Guy.

Catherine Zeta-Jones, wed Michael Douglas, and Jennifer and Brad tied the knot.

Caution. Heavy traffic ahead.

As in new millennium traffic. It seems like the more info there is, the harder it is to be informed. Technology promises a bright new age but it's still hard to communicate.

Some things never change.

The Pope journeyed to the Holy Land and prayed for peace, while conflicts between Israelis and Palestinians raged.

Allegedly linked to the unrest,

the USS Cole was bombed off the coast of Yemen.

This year we remember with honors entertainer Steve Allen, actors Walter Matthau, Jason Robards, and Alec Guinness.

Crash. Technology and music went head to head, as 19-year-old

Napster co-founder Shawn Fanning battled the music industry over copyright usage of downloaded music.

Firestone tires exploded on highways across the nation forcing one of the largest recalls in history.

Hillary Clinton stepped out of the White House and into the U.S. Senate, a first.

And the nation waited 36 days for the drama of the 43rd presidential election to unfold.

Another first. After court battles and recounts,

Florida's 25 electoral votes were finally awarded to Texas governor George W. Bush in the closest presidential race in history. In another dramatic sequence of events, tensions between U.S. and Cuba

rose over the custody battle of 6-year-old Elian Gonzalez who was finally reunited with his father and sent back to Cuba amid anti-Castro protests.

Television gives a crash course in life lessons.

The nation tuned in to see who would be voted out in this summer's biggest smash "Survivor".

The ultimate SURVIVOR, Richard Hatch, beat all odds in order to outlast his island mates.

ANYTHING 'ON'?

In shows like "Roswell" and "Angel," to survive means getting rid of the bad guys.

They showed that we all experience feelings of alienation, but we are not alone.

T.V.

101

In fact, putting up with siblings, family issues and struggling to "find ourselves" are common denominators for us all.

Inventions topped inventions.

This year, we saw cable lines not only enhance television but surfing speed and e-commerce as well.

Electronic organizers rock.

From the palm of your hand you can check e-mail, invest in futures or buy a present for Mom.

Oh yeah, and get organized.

The newest digital cameras have greater picture quality as well as roomier disk space,

while the next generation MP3s

are smaller,
faster, more portable, and provide
better-than-ever sound quality.

Toyota was among the future-thinking car companies to introduce
hybrid cars.

Half -electric and half gasoline-powered,
these new wheels will eventually be as
easy on the pocketbook as they are
on the planet.

Playstation 2
and the latest Nintendo
made the
virtual world more
entertaining.

SHOCKING!

Performers

like Hoku and Jakob Dylan of the Wallflowers emerged from the shadows of their famous parents.

Blink-182

lets their California style influence their wardrobe and music, which led them to an MTV music award for "All the Small Things."

Globalization

has had a profound effect on the style-music industry.

Latin's back with a bang with the return of Carlos Santana and the rise of Enrique Inglesias along with Christina Aguilera's release of a Latin-style CD this year.

And we saw Ricky Martin going global with a tour reaching as far as Austral-Asia.

On the local scene, many underground performers have been rocketed into the mainstream, as was Moby, the one-time New York DJ, with the immensely popular "Play," image is everything.

LIVE BABY LIVE!

Madonna came alive (what else is new) with her new "Music," reinvigorating her original dance-music roots.

Unbelievably, this mother of two has topped the charts for some three decades now.

Her concert,

performed in a London pub, was one of the most-watched events on the Internet to date.

And with MTV, VH1, Napster, and others, the faces of today's performers are seen live everywhere.

For pop princesses like Britney Spears, Christina Aguilera and Aaliyah, as well as the ubiquitous boy bands, image is as big as (maybe bigger than) their music.

For performers like the Backstreet Boys, LFO, 98° and especially *NSYNC, style is the substance of pop.

Check out their live shows.

There was something for everybody on the big screen this year.
claymation genius brought the chickens of Tweedy's farm

"Shanghai Noon," with Owen Wilson and Jackie Chan,

heading out West to rescue Princess Pei-Pei, played by Lucy Liu.

And Buzz Lightyear came to the rescue, and beyond,
leading the troops on a mission to bring Woody back in "Toy Story 2."

"Pay It Forward" proved
it's possible to change the world
and it doesn't have to be a big thing.

Kevin Spacey, Helen Hunt
